Use the [Native Search Ad Preview](#) tool to see your image, logo and copy in the ad placement.

¹Logo must be cropped as much as possible with no padding surrounding it.

²Character counts are estimates, if the text is too long to fit, it will be automatically truncated. Copy must also not include italicized letters or be in all capitals. Some special characters may be used sparingly.

Native Search Ad Unit Creative Timeline

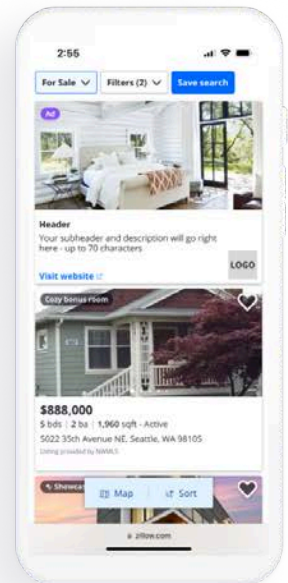

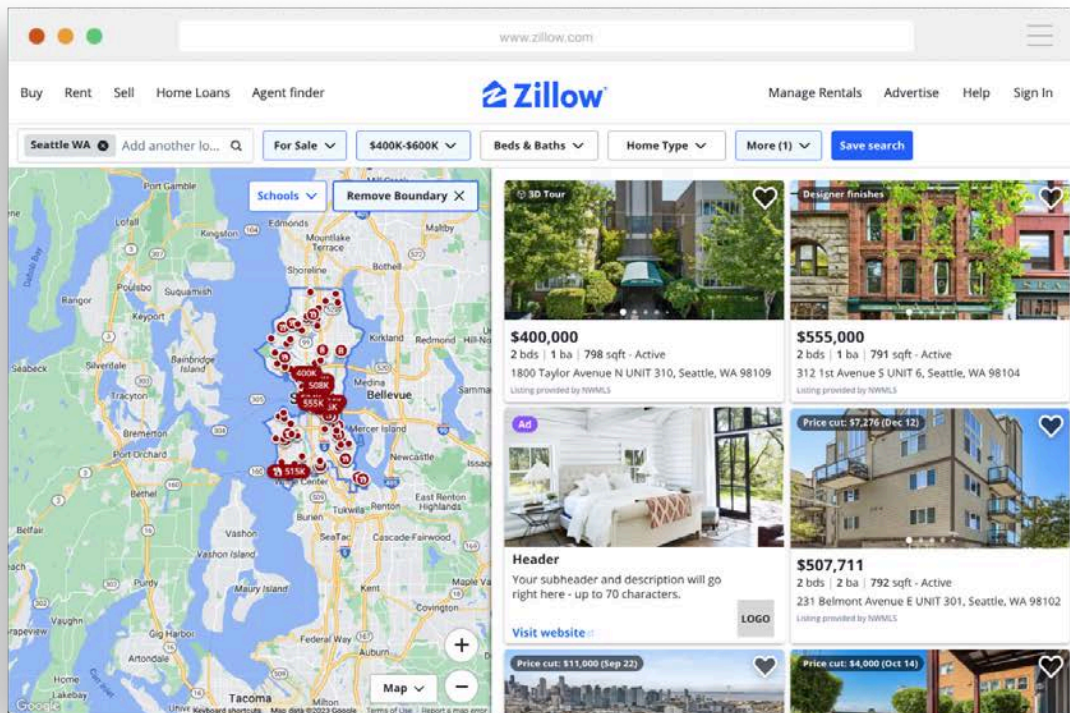

Execution	Partner provides featured image, logo image, header copy, subheader copy, and click through URL Zillow Group
Lead Time	Assets due: 5 business days prior to launch date

Tips for saving images:

- Always save images at the highest quality possible (within the specified file size)
- PNG files tend to be higher in size so if you're having trouble keeping the image under the specified file size, try saving it as a jpg at a high resolution
- When saving an image to our spec sizes, do not size and image up and save it, this will cause your image quality to go down

Zillow Ad Unit:

Below is a preview of how your image will be cropped in the search results ad.

*Note that the width varies depending on browser width and screen size, but this gives a general idea of where your main content should be contained to.
